## We don't just clean for appearance!

### Facilities Serviced:

#### General Office Facilities

Sparkle Kleen ensures the health and well-being of your staff, saving you time and money by helping eliminate loss of productivity from sickness.

#### Healthcare Facilities

Each year health-related infections affect over two million people, medical facilities require a commercial cleaning company that can partner with them to prevent the spread of infection.

#### Fitness Centers and Gyms

Bacteria and germs breed in warm, moist environments are ideal homes for microbes. Our cleaning methods help eliminate the places germs like to grow.

#### Education and Daycare

Sparkle Kleen helps keep faculty and students environments clean. Schools and daycare facilities are home to millions of germs.

#### Manufacturing

Sparkle Klen staff is trained to provide reliable services for manufacturers of all sizes. Safety, security and alertness are essential when cleaning production environments.

#### Retail and Restaurant

Retain customers with Sparkle Kleen to ensure that your customers judge you on the quality of your product instead of the appearance and smell of your facility.
